## DIMITRI KOTOV

**AGE:** 19      **JOB:** college student/part timer

**HEIGHT:** 184cm (6'1)      at a cat cafe

**TROPES:** younger brother, megane, cinnamon roll

**THEMES:** domestic life, slow-burn romance, family tension

Dimitri looks a lot older than he really is, which is why you thought he was your age (17) when you met up with him.

A few years later and you meet him again, but this time you find out ... he's the little brother of your boyfriend! Things don't work out between you and your college boyfriend, so you break up.

When you start your boutique and find yourself with an empty spare bedroom, you wonder what to do with it ...

Until you come across Dimitri again, now a college student looking for a place to live. When you offer him a place, to your surprise, he instantly agrees!

It'll be fun taking care of a little brother, right?
